

## **DNR PLACEMENT CELL DRIVEN TOWARDS SUCCESS**

Placement cell which is a major key role player in the college as well as in student's engineering life. is headed by the most efficient team, who are having 5+ years of Industrial experience and meant to be the best in nurturing the students towards career growth. Our team is said to be most successful in identifying the training needs of student and catering them accordingly and thereby making them tailor fit for campus interviews. We are very proud with our team who are acting as perfect bridge in taking the students to their required destination; which is meant to be their success path.

some of the verticals of our placement cell which are making us stand on the top of the mushrooms are

1. Entrepreneurship development cell.
2. Higher education cell.
3. In house training team, which are meant to be the best in industry.

Industry specific training is provided to all the students at final year with industrial experts on board which sharpens the mind , thereby enhancing as a strong platform for students for developing their critical thinking, interpersonal skills, attitude & forethought these classes are incorporating the necessary language elements, skillfully blended with rich content that are useful to combat life challenges.

In order to bridge the gap between the university curriculum and industry needs, the college offers various short-term training programs. These programs include CAD / CAM, J2JEE, VLSI & Embedded systems.

Seminars and workshops are conducted on entrepreneurship development.

### **ACHIEVEMENT OF 100% PLACEMENTS**

Reaching a milestone of 100% placements in such a bottleneck situation in industry leaving no stone unturned exhibits the strength of our placement team

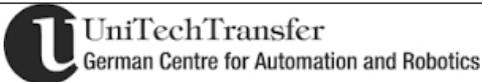

Apart from the in-house training team which trains the people right from the second year we also have assessment teams which assess the strength & capabilities of the students and there by identity their needs and cater them accordingly following the principle of "ROOT CAUSE ANALYSIS" is the secret for achieving miracles, which is leaving no student as unturned coin.

Industry's best talent acquisition team's are used as a tool in conducting mock interviews and there by identifying their training needs.

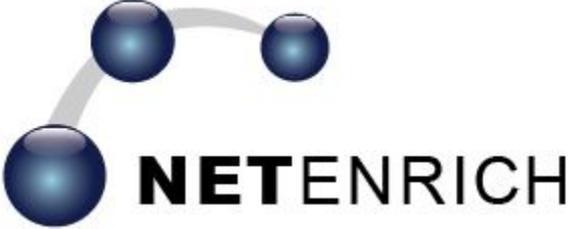

We feel proud of our alumni who are making the flag of DNR fly on the heights of MNCs, where the efforts of our T & P Cell are clearly evident.

Having equipped with AC seminar hall that can accommodate more than 300 students and also Group Discussion rooms, Panel rooms, Etc. We strive our best in providing more than 100% placements for the up-coming batches.
