6.2.3 ERP DOCUMENT

1. ECAP- Engineering College Automation Package

INTRODUCTION TO ERP & ECAP

The **ERP** software stands for Enterprise Resource Planning software. It helps us to manage an entire institution, from admissions to assessments of the students and staff. All the details of the team are well organized for the smooth workflow of an institution. We can manage all the details of the students; about their contact information, grades, assessment, fees, course, and every major or minute details. Using this software we can manage database of staff, accounts, infrastructure details etc.

ECAP stands for Engineering College Automation Package. It is designed and developed by Webpros Solutions Pvt. Ltd., Visakhapatnam. ECAP aims at immediate availability of data in required formats to ease the work of staff and management and increase in transparency and accountability in administration. This software is exclusively used for our institution library.

BENEFITS OF ERP & ECAP SOFTWARES:

The **ERP software** system automates and streamlines all the processes functioning within the boundaries of the institution to significantly improve the effectiveness of allocating and operating academic resources better. It is a comprehensive system that automates the entire institute activities from admission, attendance, fee management, examination and beyond. The features covered in the ERP software helps to streamline every activity in an institute, giving the management the bird's eye view of all the activities happening in the institute, in real-time.

6.2.3 ERP DOCUMENT

1. ECAP- Engineering College Automation Package

INTRODUCTION TO ERP & ECAP

The **ERP** software stands for Enterprise Resource Planning software. It helps us to manage an entire institution, from admissions to assessments of the students and staff. All the details of the team are well organized for the smooth workflow of an institution. We can manage all the details of the students; about their contact information, grades, assessment, fees, course, and every major or minute details. Using this software we can manage database of staff, accounts, infrastructure details etc.

ECAP stands for Engineering College Automation Package. It is designed and developed by Webpros Solutions Pvt. Ltd., Visakhapatnam. ECAP aims at immediate availability of data in required formats to ease the work of staff and management and increase in transparency and accountability in administration. This software is exclusively used for our institution library.

BENEFITS OF ERP & ECAP SOFTWARES:

The **ERP software** system automates and streamlines all the processes functioning within the boundaries of the institution to significantly improve the effectiveness of allocating and operating academic resources better. It is a comprehensive system that automates the entire institute activities from admission, attendance, fee management, examination and beyond. The features covered in the ERP software helps to streamline every activity in an institute, giving the management the bird's eye view of all the activities happening in the institute, in real-time.
