WHEREAS:

The new state of Andhra Pradesh has come into existence after bifurcation of the erstwhile combined state of Andhra Pradesh in June-2014. In the process of fulfilling its commitment for formation of a Modern State, the State has initiated its endeavors, primarily on infrastructure building and rapid industrialization. To support this initiative, Government of Andhra Pradesh (GoAP) has identified manufacturing as a key area and is establishing clusters to nurture growth in vital sectors like Auto and Electronics by setting-up industrial corridors, Special Economic Zones (SEZs) etc,. The immediate necessity for Industrialization is the manpower development. In the process of industrialization and infrastructure building, it is obligatory on the part of GoAP to simultaneously develop a large pool of skilled manpower to cater the needs of the industry and service sectors. In this endeavor, the State has earnestly decided to address the skill shortage which is much projected by the user industry. The initiative of State-wide high priority for skill development shall also ensure up-gradation of skills. The sectors with largest manpower requirement in the coming

years will be Manufacturing, Construction, Hospitality, Banking, Financial Services and Insurance and Information Technology/IT enabled services.

Eventually, the Skill Development has occupied the key focus area of GoAP. The process of developing large pool of skilled manpower has been envisaged in partnership with industry to make the skill development mission more industry relevant and self-sustainable. In the process of achieving these goals, the GoAP has incorporated APSSDC as a special corporate which shall strive for the appropriate and demand driven Skill Development.

APSSDC in its several meetings have discussed and decided to achieve the goal of skill development with participative approach of the stakeholders' viz. the Government, Industry, academic institutions, youth and all other stakeholders. This participative approach will go a long way in accomplishing the task in economical, appropriate proportions with relevance in the shortest period. The APSSDC would provide the extra infrastructural and HR development requirements in selected academic institutions. In this process, the APSSDC has selected some of the leading Engineering Colleges/Govt. Polytechnics/Industry associated training institutions for providing the infrastructural facilities additionally required for running the Skill Development programs. The APSSDC has selected the institutions through a properly constituted high power committee as constituted in G.O.Ms.No.8, SDE&I (Skills) Dept., Dt. 05.10.2015 and issued order vide G.O.Ms.No.5, SDE&I (Skills) Dept., Dt.25.04.2016 given in Annexure-I.

ORDER:

1. As part of the Vision 2029, the Government of Andhra Pradesh has the ambitious plan of being one of top three developed States of the Country within the next five years. As envisaged in the G.O. first cited seven different missions have been formed to prioritize and energize main sectors of growth. "Knowledge and Skills Mission" occupies an important position in order to develop the employable skilled work force in the State of Andhra Pradesh as well as in India.

2. In the G.O. 2nd read above, the Government has issued orders creating Andhra Pradesh State Skill Development Corporation. Ever since APSSDC has been at the forefront of all skilling activities in the State and has been tirelessly scouring new and innovative areas of expertise and high end technology partners to tap the vast human capital potential in the State with its

   emphasis on empowering the youth. The Corporation in its 3rd Board Meeting held on 13.12.2014 decided to deputs a team to visit the SIEMENS Centers of Excellence already established in Gujarat and submit a report. Accordingly, the team has visited the SIEMENS Centers in Gujarat, conducted a detsiled study of centers and submitted a report.

3. SIEMENS Industry Software Company has been in India since 1980. It has been offering training programmes in collaboration with various Stats Governments. Government of Andhra Pradesh has also had detailed discussions with SIEMENS Company in order to accomplish the goal of Knowledge and Skill Mission. A comprehensive presentstion was made to the Government on

   9th February, 2015 about the Skill Development and Training activities being impacted by SIEMENS and their intent in Collaborating with the Government of Andhra Pradesh as was done in Gujarat and their contribution to the economy of the State by the establishment of SIEMENS centers of excellenee, Technical Skill Davelopment Institutions and Skill Development Centers. Further, the Government has decided thet –

ORDER:

1. In the Government order 1st read above, the Government has issued orders for sanctioning the Project of SIEMENS Center of Excellence and Technical Skill Development Institutions and also accorded permission for entering into MoU with SIEMENS Company. As per the order, agreement has been executed between the APSSDC, SIEMENS and Design Tech Companies.
2. In the G.O. 2nd read above, the Government has issued orders for formation of committees to monitor and to track the proposal of implementation of the SIEMENS Project and also Centre Selection Committee.
3. As a sequel to the agreement entered with the SIEMENS and Design Tech Companies, meetings involving all the stakeholders have been held in the state sensitizing the institutions and presenting the significance and the requirements for starting SIEMENS Center of Excellence and Technical Skill Development Institutions.
4. Thereafter, as per the decision taken by the committees for selection of centers and monitoring the progress, applications (online) have been called for from the institutions / organizations and universities, duly notifying the same in the media, stipulating the last date for submission of application for expression of interest in order to operationalize the centers.
5. In the reference 3rd read above, i.e., on 16-02-2016, during the Selection Committee meeting for Selection of Centers for the "Andhra Pradesh- Skill Development Project " in the form of hub-spoke model is explained Six clusters were defined. These are territorial region roughly consisting of two – three district. They have been defined based on the supply side information in terms of population, number of institutions, and capacity of those institutions. Alignment of the clusters has been made with the proposed industrial development while keeping district also as a geographical unit. Each cluster will be one Centre of Excellence (COE) and five Technical Skill Development Institutes (TSDI).

6. Further, as decided by the committee, all the hosting institutions need to be inspected by a team of experts. Accordingly, teams have been constituted comprising members from Technical Education Department, Central Institute of Tools and Design, Hyderabad (an autonomous organization under of Government of India) and Jawaharlal Nehru Technological Universities (JNTUs), Kakinada and Anantapur to inspections have been carried out and inspection reports have been submitted.

7. Suitable criteria fixed for evaluation of the institutions and accordingly all the applications were graded and Universities and Engineering Colleges were evaluated using one set of criteria and also Polytechnics restricted one set of criteria. The ranked list of universities/colleges/institutions by cluster/district has been prepared and they have been evaluated with reference to the prescribed criteria. Finally, the committee constituted for the purpose of evaluation has recommended and approved the Colleges/ Institutions/ Organizations as Centre of Excellence (COE)/Technical Skill Development Institutions (TSDIs).

8. The Government after careful examination comprehensively, hereby orders that the institutions/ organizations/Universities as shown in the Annexure are selected as Siemens Centers of Excellence (6)/Technical Skill Development Institutions (36) subject to the following conditions:-

   i) That the institutions will be subjected to further inspection by a team comprising members from SIEMENS and Design Tech.

   ii) If found unsuitable due to restrictions and place, ability to accommodate 50% of capacity to outsiders, residential facilities to outsiders , another suitable institution, satisfying the conditions will be substituted.

   iii) Selected institutions need to execute an agreement with Andhra Pradesh State Skill Development Corporation (APSSDC)

   iv) Any contravention of the stipulated conditions as per MOU will disqualify the institution from hosting the COE or TSDI at any time and the Government has the right to replace the institution.

   v) Operational guidelines shall be issued separately.

9. The Managing Director and Chief Executive Officer, Andhra Pradesh State Skill Development Corporation, Hyderabad shall take further necessary action.

MEMORANDUM OF UNDERSTANDING

BETWEEN

DNR COLLEGE OF ENGINEERING AND TECHNOLOGY

AND

SIRAZEE TILES PRIVATE LIMITED

This Agreement made and entered into on this 25th day of 2017 between SIRAZEE tiles private limited, Tadepalligudem Road,Pippara-534197 and DNR College of Engineering and Technology,Bhimavaram situated at Balusimudi,West Godavari district, Andhra Pradesh 534202, established in the year 2010 affiliated to JNTUk,Kakinada

1. **OBJECTIVES OF THE MOU**

The objective of this Memorandum of Understanding is:

a. to promote interaction between DNR College of Engineering and Technology and SIRAZEE tiles private limited in mutually beneficial areas.
b. to provide a formal basis for initiating interaction between DNR College of Engineering and Technology and SIRAZEE tiles private limited.

Responsibilities of SIRAZEE tiles Private Limited

1. To provide industrial exposure to the students of DNR college of Engineering and Technology by way of internships/Project Works/industrial Visits etc to the extent of feasibility and availability.

2. To nominate experts to deliver special lectures to the students of DNR college of Engineering and Technology on mutual agreement of both parties

3. To Provide industry Orientation / Practical Training to the faculty & Staff of Engineering Disciplines of DNR college of Engineering and Technology on mutual agreement of both the parties.

4. To provide necessary support to the extent of feasibility of improvement of the quality of education imparted by DNR college of Engineering and Technology on mutual agreement of both parties.

5. To provide suggestions from an industry perspective for design/modification of course curriculum of the post Graduate Degree / Degree/Diploma/ Certificate programs run by party.

6. To undertake the identification of the development projects, fixation of time frame and allocation of resources including financial to the extent of feasibility.

7. To undertake joint R&D and consultancy projects with the faculty of DNR college of Engineering and Technology and involvement of specialists at National and international Level whenever possible.

8. To allow access to designated staff and students of DNR college of Engineering and Technology to visit the premises of party in connection with industry orientation programs.

9. To give iudustry related problem statements of the students of DNR college of Engineering and Technology to provide solutions under the mentorship of faculty of DNR College and experts from Tiles Industry
10. To Provide training for the faculty of DNR college of Engineering and Teehnology at Tiles Industry

OFFERING - PROPOSAL

We are very much thank full to show keen Interest, to Demonstrate Python and other Advanced Computer Training program Online / Offline. As you know that engineering software are used as a bridge for connecting the student's theoretical knowledge to company development. It is very important for a student to judge and decide the place and kind of training. In the recent past, India has seen a tremendous change in the field of education especially in the field of engineering and technology. Institutions like you are setting up their infrastructure to give the best education to the youth to shape up their career to make stand out in the world of globalization. The demand for Advanced computer courses grows faster than other engineering branches. Therefore, they need people with programming skills at all levels. Demand for python professionals are growing in every part of the world

PYTHON / ADCANCED COMPUTER COURSE TRAINING OVERVIEW

Python / Advanced Computer Courses is a general-purpose interpreted, interactive, object-oriented, and high-level programming language. Python / Advaneed Computer Courses has been one of the premier, flexible, and powerful open-source language that is easy to learn, easy to use, and has powerful libraries for data manipulation and analysis

WHAT ARE THE PYTHON / ADCANCED COMPUTER COURSE COURSE PRE-REQUISITES

There are no hard pre-requisites. Basic understanding of Computer Programming terminologies is sufficient. Also, basic concepts related to Programming and Database is beneficial but not mandatory.

OBJECTIVES OF THE COURSE

- To understand the concepts and constructs of Python / Advanced Computer Courses
- To create own programs, know the machine learning algorithms in Python / Related courses and work on a real-time project running on Related courses
