Disha Act & Installation of Disha App

As per the instructions of AP Higher Education, the NSS unit (90214509) of DNR College of Engineering & technology, Bhimavaram organized Awareness Program on Disha Act, Installation & usage of Disha App on 12-07-2021 in college seminar hall.

The chief guest of this program Sri Veeranjanya Reddy Narasapuram DSP had brought awareness to female students as women's safety has become a long-standing issue in the country, more city and state-level measures are being adopted. In December 2019, Bengaluru police set up a separate women-specific wing to strengthen women helpline '100' and Suraksha app for women in distress.

Disha app, developed by the technical services division of the Andhra Pradesh police, sends an alert to the Disha control room when a woman or girl in distress just shakes the mobile phone which contains the Disha App. The app also provides another way of calling for help - they can also press a button on the phone, but in emergency situations if that is not possible, the victim can send an alert to the police by simply shaking phone five times. The personnel at Disha control room in turn will alert the police available near the spot. Police will rush to the spot using GPS-equipped vehicles and assist the person in trouble or anticipating trouble.

Disha App has so far been downloaded by 16 lakh women in Andhra Pradesh. The state government is now promoting it for safety of every woman and girl across the state. It is also conducting a special drive to educate staff of village and ward secretariats about the tool.

At the end of the program our college students have installed the Disha app in their mobiles out of 462 female students 405 students installed. Vote of thanks given by V. PRAVEEN NSS Program officer

AWARENESS PROGRAM ON BREAST CANCER

National Service Scheme (NSS) unit of DNR College of Engineering & Technology (DNR CET), Bhimavaram, was organized Awareness program on breast cancer in association with GSL HOSPITAL Rajamahendravaram on 25-10-2021. V Praveen, NSS Program Officer, welcomed the gathering.

Dr.M.Anjan Kumar, Principal, DNR CET, inaugurated the program. He addressed the gathering; the program was aimed addressing the issue of breast cancer amongst women in the demanding lifestyle era. The women are often presented with stressful routine trying to manage work and home, these super women of new age sometimes do not find time to take care of their bodies and end up either ignoring physical signs of illness or delaying the diagnosis due to lack of time to visit doctors. The college made an attempt through NSS to bring the doctor at the workplace to make sure that the working teaching and non teaching women staff were aware of the needs of taking care of their physical bodies while the young girls were aware well in advance of the dangers of certain lifestyle habits that may lead to future illness.

G.TARUN, oncologist, GSL Medical College, Rajamahendravaram spoke on breast cancer and explained the causes, symptoms and measures to be taken for early detection and latest advancements in treatment. The seminar gave a total awareness on Breast Cancer through the charts, videos and such other visual aids. The seminar discussed and clarified the doubts regarding the topic. A medical check-up was also a part of the program.

V Praveen, NSS Program Officer, Proposed a vote of thanks. The program was attended by Students, teaching and non teaching community of the college

Event Report

Event Title: soul synch meditation program

Date: 19/08/2019.

No.of students participate: 190

Expenditure: Rs/- 5000

Brief Description

The NSS Unit of DNR College of engineering and technology, Bhimavaram, has organized soul synch meditation program in association with O&O academy on 19/08/2019. The event is inaugurated by college president Sri G V NARASIMHA RAJU, Sri G SATYANARAYANA RAJU (BABU.)Dr.U. Ran- raju, principal of DNR CET, vice principal Dr. BVS Varma NSS PO V. Praveen teaching staff and N volunteers were participated. The meditation program is led by sunilji.

Dr U Rangaraju, Principal of DNR CET has addressed the students; the Great Soul Sync Meditation is a gift originating from O&O Academy in India. It was developed by Preethaji, one of the founders, who is an Enlightened Philosopher-Sage, Mother Business Leader and Philanthropist. Combining ancient wisdom and modern science, a most compelling aspect of the meditation is that it is designed to take those who do it into the beautiful state of limitless consciousness. As many thousands of seekers have shared, in such a state, communication opens with the entirety of the universe and powerful synchronicities are created. This meditation is suitable for everyone. The Soul Sync requires no prior meditation experience and involves no religion, yet deepens whatever may be your spiritual path, if you have one.

SUNILJI has delivered a few words about soul synch meditation; it is a powerful meditation that was taught by the Guides at O & C Academy in India as part of a recent course he experienced. He has been practicing this meditation daily. Once he learned the very simple format, the meditation takes him only 7-8 minutes. Each Soul Sync meditation gives him the opportunity to have focus and clarity on ONE SPECIFIC Intention for his day, or for his life. It seems to resonate and stay with him throughout the day. The profound stillness and calm he feels sends me off to experience amazing synchronicities and miracles in his life.

Brief Description

DNR College of Engineering & Technology –NSS Unit organized Awareness Program on higher education Program in Yanamadurru Village on 03-03-2020 at ZPH School Durrusumarru. The recourse person of this program is Dr.GG Ratnam Dept. of English, who delivered valuable career guidelines for 10th class students for their bright future. Education is a prerequisite for human development. Employment opportunities and income levels can be increased with the help of education. Individual development and progress of a nation depends on educational development. As education is an important factor of development, illiteracy and ignorance among the disadvantaged groups hampers their process of development. Lack of education of the disadvantaged youth inspires them to engage in informal economic activities rather than in formal engagement
