**Brief Description**

**Objectives :**

- To raise awareness and educate individuals about the challenges and consequences associated with global population growth.
- To spread awareness among the students regarding the various difficulties and issues arising due to increasing population nationwide as well as worldwide.

The NSS Units of DNR College of Engineering & Technology Bhimavaram, celebrated World Population Day on 11th July 2023. This year, the theme is unleashing the power of gender equality: Uplifting the voices of women and girls to unlock our world's infinite possibilities". It is observed every year on 11th July to remind people of the challenges being faced due to over population. The day is marked to call for attention to issues like the importance of family planning, child marriage, gender equality, human rights, and others.

The World Population Day was commemorated and recognized by the United Nations General Assembly in December 1990. On this special day, the world comes together with the goal of highlighting the difficulties created by overpopulation. It also raises awareness about how overpopulation may harm the ecosystem and the progress or growth of humanity. On this day our NSS volunteers participated in Painting Competition regarding the control of population. Nearly 20 volunteers took part in the Essay writing competition and were recognized with certificates.

The chief guest of the program Sri D.Raju, RDO, West Godavari told about Pingali Venkayya had designed a flag, known as the Swaraj Flag, that now forms the basis of India's presentday national flag. It consisted of red and green bands to symbolize the two major communities in the country- Hindus and Muslims. His design had given an identity to India and its people. He was Born near Machilipatnam (Andhra Pradesh) on August 2, 1876, Pingali had designed many models of the national flag. In 1921, Mahatma Gandhi approved a design during the Indian National Congress meeting in Vijayawada. The national flag that we see today was based upon his design. All the heads of the department and NSS program officer pray tribute by showering the flower petals to allure Pingali Venkayya Garu.

Vishveshvaraya is also known as the father of Indian Engineering because of his enormous contributions and innovations in the field of engineering and development of society. India has been celebrating Visvesvaraya's birth anniversary as Engineer's Day since 1968. He went on to become India's most prolific civil engineer, dam builder, economist and statesman. In 1909, when the city of Hyderabad was in danger of getting flooded, Visvesvaraya was appointed as special consultant engineer to make the city flood-proof. His inventive engineering work saved the Visakhapatnam port from sea erosion.c.,

## Event Report

Event Title: Republic Day Celebrations

Date: 26/01/2024

No. of students participate: 10

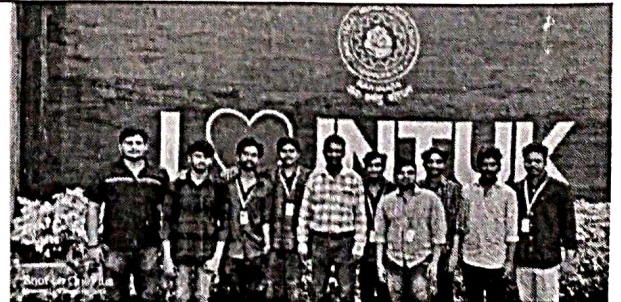

Expenditure: Rs/- 5000

Brief Description

India marks January 26 as its Republic Day every year. In 2022, the country is celebrating its 75th Republic Day. While India gained independence from the British Raj in 1947, it wasn't until January 26, 1950, that the Indian Constitution came into effect, and India became a sovereign state, declaring it a republic. Dr. BR Ambedkar headed the Drafting Committee of the Constitution. Additionally, Constitution Day is celebrated in India on November 26 every year, as on November 26, 1949, the Constituent Assembly of India adopted the Constitution of India.

The day was celebrated in our university with great eclat. The university building was tastefully decorated with flowerpots and national flags. We were beside ourselves with joy. As per instructions given by the NSS cell, JNTUK, Kakinada, on behalf of DNR College of Engineering and Technology, Balusumu Bhimavaram a group of 11 members (1 faculty + 10 NSS Volunteers) belonging to the NSS unit had participated in these celebrations. We had started at our college at 10:00 am on 25-01-2020 and we returned to our college on 26-01-2020 at 09:00 P.M.. The NSS Volunteers participated in a march past nearly 150 JNTUK affiliated colleges attained in this event. The JNTUK Kakinada Vice-Chancellor hoisted the flag.

The main attraction of Republic Day celebrations is singing a patriotic song, speech on freedom fighters, and dance on the Republic Day theme by students as well as faculty members at the Rajiv Gandhi University, Ahmedabad. This event begins with flag hoisting by the Provost Sir, then he speaks a few words about freedom fighters and national warriors. Then the dean of degree engineering Dr. K.V. Patel Sir has given a speech on how our freedom fighters fought against British Raj. Some students were some very inspiring national songs sung in chorus. These were followed by stirring speeches by V.C, Registrar. In the end, the program was concluded by distributing sweets and snacks to all the students.

Sir,

Sub: Proposal to organize a blood donation camp at DNBCET in month of October -reg

There is a great need for blood in treatment of various clinical conditions like surgeries, trauma, cancer child-birth etc...but as many young stars are hesitant to donate blood there is always acute shortage of blood in the hospitals. To overcome this, it is felt that the students may be encouraged to donate blood towards this goal; it is proposed to conduct voluntary blood donation camp with your co-operation and kind support.

Thanking you sir

Yours faithfully
