The session started at 9.30 AM. The Training Programme was started by lighting lamp by our honorable secretary sir and program initiated by Dr.M. Anjan Kumar, Principal and DNR CET. The resource person Dr P. Ramesh was introduced by Mr. K.Venkanna Naidu, T.P.O.

The Training Programme on "AutoCAD for Mechanical and Civil Engineers" from 11-03- 2024 to 16-03-2024 was organized at DNR College (A), by the department of Mechanical Engineering to provide in-depth knowledge of design software i.e. AutoCAD. Computer Aided Design and Drafting tool depicts objects of traditional drafting using vector based graphics. It can also generate raster and bitmap graphics in order to display the overall appearance of design objects. Learning to use this CAD software allows students to be efficient and effective in conveying object level design idea to which will help them to improve design skills and employability opportunity. It has provided a comprehensive knowledge of the AutoCAD interface made learning to use advanced CAD software applications far easier than if they were starting from scratch. This training programme covered all basic knowledge required to work on AutoCAD software. It was designed for mechanical and civil engineering students who want to pursue their career in design and space management. The students have learnt about Mechanical Part Generators, Creating Drawing Sheets, Civil Drawing, Editing and Dimension tool.

Outcomes:

Understood how to Create both two and three-dimensional designs/drawings using CAD software.

Understood the need, relevancy and application of CAD to the various engineering disciplines.
