Report On AWARENESS PROGRAM ON WOMEN HEALTH AND SAFETY

The Women Empowerment cell unit of DNR College of Engineering & Technology, Bhimavaram, organized a AWARENESS PROGRAM ON WOMEN HEALTH AND SAFETY, on 06th January 2024. Women's health and safety are critical issues that require widespread attention and action. An awareness program focused on women's health and safety can empower women with the knowledge and tools to take care of their physical, mental, and emotional well-being. It also helps them recognize their rights and access support when necessary. In the context of our college, such a program aims to educate female students on essential health practices, the importance of safety, and how to navigate and seek help in challenging situations.

Participants gained valuable knowledge about the importance of regular health check-ups, understanding their own bodies, and seeking medical attention when necessary. Women were encouraged to prioritize their mental health and develop healthy coping mechanisms for stress

The Awareness Program on Women's Health and Safety successfully achieved its objective of educating and empowering female students on essential aspects of health and personal safety. Through expert talks, workshops, and discussions, the program provided practical knowledge that students can apply in their daily lives. It also fostered a sense of community and support among participants.

Report On A Rangoli Competition

A Rangoli Competition was organized by the Women Empowerment cell Committee of our college as part of the celebrations for INTERNATIONAL WOMENS DAY to promote creativity, cultural heritage, and team spirit among students. Rangoli, a traditional Indian art form, involves creating vibrant patterns and designs on the ground using colored powders, rice, flowers, and other materials. The competition aimed to engage students in this artistic tradition while encouraging them to showcase their creativity and teamwork.

The Rangoli Competition was a highly successful event that brought together students from diverse backgrounds to celebrate creativity, culture, and teamwork. It not only allowed students to express their artistic abilities but also deepened their appreciation for traditional art forms. The vibrant and colorful Rangolis created by the participants added to the festive spirit of the occasion and contributed to the cultural vibrancy of the college campus.

The event successfully met its objectives of promoting cultural awareness, encouraging creativity, and fostering collaboration among students. It also served as a reminder of the power of art in uniting communities and celebrating cultural heritage.

Report On INTERNATIONAL WOMEN'S DAY

International Women's Day (IWD) is celebrated globally on March 8th every year to honor the achievements of women in various fields, raise awareness about gender equality, and highlight ongoing struggles that women face in the fight for equal rights. It is an occasion to celebrate the social, economic, cultural, and political accomplishments of women while calling for continued action to challenge gender-based disparities and promote gender equality.

In our college, the International Women's Day celebration was organized by the Women Empowerment Cell to engage students, faculty, and staff in discussions and activities centered on women's rights, empowerment, and leadership. This report provides an overview of the events, activities, and outcomes of the celebration at our institution.

The celebration of International Women's Day at our college was a resounding success. The event not only celebrated women's achievements but also educated and inspired students to take action toward achieving gender equality. It highlighted the importance of embracing equity, ensuring that everyone—regardless of gender—has the opportunity to thrive and succeed. The activities encouraged dialogue on gender-related issues and empowered students to make positive changes in their own lives and communities.
