Resolutions-2: To discuss and finalize the proposed Syllabus for I B. Tech. I&II Semester NSS/NCC/Scouts & Guides /Community service, Health and wellness, yoga and sports courses of DR -24 Regulations

Resolved the proposed I B. Tech I & II Semester (UG) NSS/NCC/Scouts & Guides /Community service, Health and wellness, yoga and sports course under the DR-24 Regulations were discussed in detail. After considering the inputs from all members, the courses were finalized and approved for implementation from the academic year 2024-25.

Resolutions-3: To finalize the Evaluation procedure for Semester End Evaluation (SEE) for NSS/NCC/Scouts & Guides /Community service, Health and wellness, yoga and sport activities

The evolution procedures for Semester End Evaluation (SEE) were discussed and finalized. The above said B.Tech programs were evaluated for 100 marks A student must select 6 activities of his/her choice with a minimum of 01 activity per unit. For each activity shall be evaluated by the concerned teacher /instructor for 15 marks, totaling to 90 marks. The remaining 10 marks shall be evaluated by the other college NSS PO (external examiner) / senior faculty by conducting viva voce on above said program. As per suggestion give by university subject expert, the course instructor has to conduct written examination for physical challenged persons (divyangs) for the evolution of the student

Resolution-4: Ratification of Course Objectives and Course Outcomes, CO – PO Mapping for the Proposed Subjects.

Resolved the Course Objectives and Course Outcomes for the proposed subjects were reviewed and ratified. Additionally, the CO-PO mapping was discussed and approved, ensuring alignment with the educational goals of the program.

Resolutions-5: Any other item with the permission of the chairman

Dr Shyam Kumar, Programme Coordinator, NSS JNTU-K has given some suggestions

- NSS course should be taught as real time activities but not as a classroom teaching. This course has been made as a credit based course in the university to create awareness among engineering students to face real life problems. Instructors must train the students to be mentally tough and understand the needs of these skills.
- Course instructors must identify 6-10 parameters from each unit and set a criteria point from each unit. Students must be assessed based on the criteria. Course Instructors must be guided on the parameters setting and evaluation process.
- He advised students of NSS units should work in reality and understand the true essence of serving rather than focusing on taking pictures and uploading
- Technological University colleges should plan for relevance activities when they are in 7 days camp. The aim of the camp is to create awareness among the villagers or farmers in agriculture about the importance of technology usage in their tasks. Example drone usage in insecticides spreading

- Appreciated Principal sir and NSS Programme Officers for their valuable contribution in NSS and sports activities. Also stated that Sports activities are essential part of all round development. It provides the opportunity for students to become strong physically and mentally. It creates great sense of team spirit.

Suggestions given by Dr U Nagababu, District programme Officer, West Godavari & Eluru District:

- Course Instructors must ensure the students understand the importance of NSS before starting any activity. Also ensure that the concept of service is clear to them. Students must represent their college through activities. Students must be prepared to do service in the society and also suggested during the induction program, instructors have to take at least two sessions on NSS/NCC/Scouts & Guides /Community service, Health and wellness, yoga and sports and bring awareness on civic responsibilities the importance of discipline, character and service motto ,yoga asanas healthy diet.etc

Concluding remarks by BOS chairman:

BOS chairman thanked all the members of the meeting
