Just a minute (JAM)" is an interesting game like competition to encourage students to showcase their English communication ability. This competition gives excellent opportunity for the students to further develop their communication capabilities through the challenges that they are made to take on during the competition, posed either by the JAM Master through the interesting and challenging topics that the participants are made to speak on, or by the objections that they have to face from their fellow participants in case they have trespassed the rules of the competition. In totality, the competition is an interesting platform for students to engage in public speaking in a game like situation. Such competitions can encourage students to come out of their shell and develop their confidence to communicate in English.
